Upper Level

Tech Booth

Visit our Technology Department booth for information with questions about your computer. The staff will be on hand to answer questions, troubleshoot, or even help fix your machine! While you're there, don't forget to check out the new work order system!

Schedule

Judgment in the Digital Age	June Chandler - Fairview High	High School Library
A look at resources and suggested activities for developing critical thinking skills in our students. Involves interdisciplinary content where ideas and lessons are geared toward secondary level, although most could be adapted for younger students. Incorporates many concepts in media literacy, learning 4 life, and 21st century curriculum.		
Dropbox	Connie Hilton - Vinemont High Brittany Thompson - Cold Springs High	227
eInstruction Question/Answer Session	Cindy Ham - InLine	212

3:15 - 4:00.....Roundtable Discussions

Room 160

Roundtable discussions are designed to give you a chance to get more information about a topic that you learned about during the day or even a topic from a session that you weren't able to attend. There will be several tables for discussion led by presenters from today's conference and technology department staff. Each roundtable discussion will last ten minutes before you move on to another table, so you will be able to visit up to four tables in the 45 minute session. It's like speed dating for educational technology!

Topic	Presenter	Table
Advocacy for Funding Technology in Education	Bruce Ellard	1
Web 2.0 Tools	Connie Hilton and Brittany Thompson	2
OTRS—What's Working and What's Not?	Marlin Calvert	3
iPads for Productivity	Billy Troutman	4
INOW	Karen Stapler	5
Open Source Software	Derrick Waddell	6
Capstone Book Database	Sharon Wilborn	7
MobiViews and Clickers	Cindy Ham	8

Schedule

1:15 - 3:00..... Hands-on Workshop 1

Hands-on workshops require a ticket. If you did not register for a HOW, please attend a breakout session.

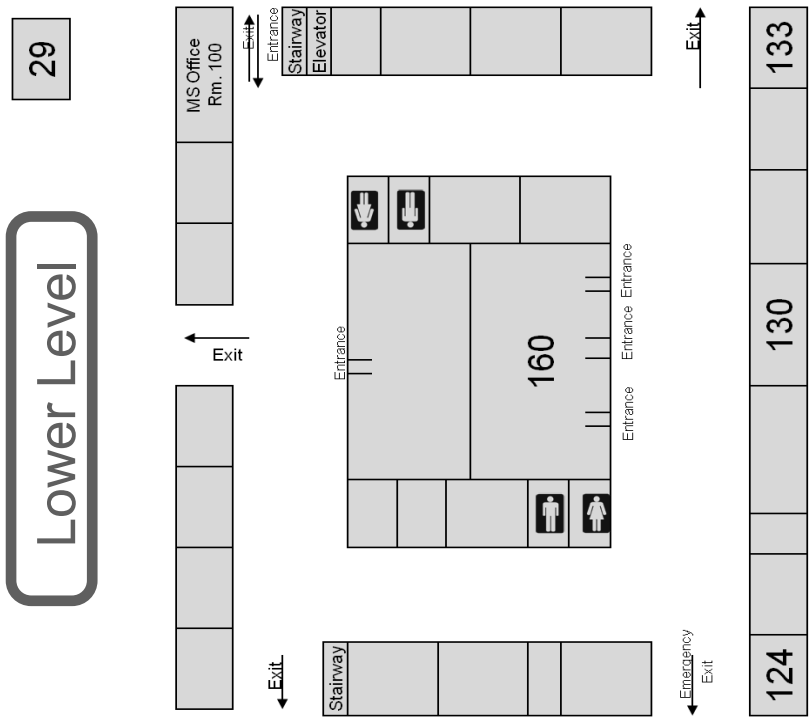

Session	Presenter	Room
Academy of Reading and Math (1:15-2:00)	Barbara Guthrie - CCBOE	133
Academy is a program where students receive training that is tailored to their needs, based upon a placement test. Learn how to create classes, add students, and manage reports.
